

附件 2:

The 6th Xiamen Winter Symposium

December 5-7, 2015

School of Life Sciences, Xiang'an Campus, Xiamen University

Time	Activity
Dec 5	Day 0
9:00 - 18:00 pm	General registration
18:30 pm	Preconference dinner for speakers and invited guests only, Xiamen Langham Place
Dec 6	Day 1
8:10 am	Pickup from Xiamen Langham Place
8:50 am	Photo Taking
9:00 -9:15 am	Opening Remark (Jiahuai HAN)
Keynote Lecture	Introduced by (James Zhijian CHEN)
9:15 - 10:00 am	Keynote Lecture 1 <i>The antimicrobial defences of insects : a paradigm of innate immunity</i> Jules HOFFMANN
Session I	Innate Immunity, recognition and execution (Chairs: Feng SHAO, Zhigang TIAN)
10:00 –10:25 am	Lecture 1 <i>Caspases and Innate Immunity</i> Zhengfan JIANG
10:25– 10:50 am	Lecture 2 <i>Inflammatory caspases-mediated anti-bacterial immunity: sensing and execution</i> Feng SHAO
10:50 – 11:15 am	Lecture 3 <i>The molecular mechanisms in the <i>regulation</i> of NLRP3 inflammasome</i> Rongbin ZHOU

11:15 – 11:40 am	Lecture 4 <i>Immune and autoimmune responses to cytosolic DNA</i> James Zhijian CHEN
11:40 – 13:00 pm	Lunch
13:00 - 13:30 pm	R&D Systems Lecture
13:30 - 13:55 pm	Lecture 5 <i>Mechanisms of inflammation related cell death</i> Jiahuai HAN
13:55 - 14:05 pm	
14:05 - 14:15 pm	
14:15 - 14:40 pm	Lecture 6 <i>MicroRNA-223 Regulates the Differentiation and Function of Intestinal Dendritic cells and Macrophages by targeting C/EBPβ</i> Li WU
14:40 - 15:05 pm	Lecture 7 <i>NK Cell-Based Checkpoint Immunotherapy</i> Zhigang TIAN
15:05 - 15:25 pm	
Session II	B cell and antibody production (Chairs: Shane CROTTY, Hai QI)
15:25 -15:50 pm	Lecture 8 <i>B cell tolerance and the Plasmacytoid dendritic cell response to nucleic acids</i> David NEMAZEE
15:50 -16:15 pm	Lecture 9 <i>Visualizing help and suppression</i> Hai QI
16:15 -16:40 pm	Lecture 10 <i>Sin1-mTOR complex in regulation of Akt in B cells</i> Bing SU

16:40 - 16:55 pm	
16:55 - 17:20 pm	Lecture 11 <i>TBA</i> Shane CROTTY
17:20 - 17:45 pm	Lecture 12 <i>MicroRNA control of B cell tolerance and autoimmunity</i> Changchun XIAO
17:45 - 18:10 pm	Lecture 13 <i>Roles of Rap1 signaling in immune synapse formation and self-tolerance</i> Tatsuo KINASHI
18:10 – 18:20 pm	
18:20 -20:00 pm	Dinner

Dec 7	Day 2
8:20 am	Pickup from Xiamen Langham Place
Keynote Lecture	Introduced by Jiahuai HAN
9:00 am - 9:45 am	Keynote Lecture 2 <i>Analyzing immunity by random mutagenesis with real time identification of causative mutations</i> Bruce BEUTLER
Session III	T cell biology (Chairs: Chen DONG, Bing Sun)
9:45 – 10:10 am	Lecture 14 <i>Regulation of the kinases involved in initiating TCR signaling</i> Arthur WEISS
10:10 – 10:35 am	Lecture 15 <i>Molecular mechanisms in T cell differentiation</i> Chen DONG

10:35 – 11:00 am	Lecture 16 <i>The Mediator Subunit Med23 Prevents Autoimmunity via Setting the T cell Activation Threshold</i> Xiaolong LIU
11:00 – 11:25 am	Lecture 17 <i>miR-23~27~24 clusters coordinately restrict Th2 immunity and associated immunopathology</i> Lifan Lu
11:25 – 11:50 am	Lecture 18 <i>Control of regulatory T cells by ubiquitination</i> Yuncaï LIU
11:50 - 13:00 pm	
13:00 - 13:25 pm	Lecture 19 <i>Control of T cell development and activation by Themis</i> Nick GASCOIGNE
13:25 - 13:50 pm	Lecture 20 <i>FOXP3 stability and Treg plasticity</i> Bin LI
13:50 - 14:15 pm	Lecture 21 <i>Novel function of ECM1 in regulating Th2 cell migration and Th17 cell differentiation</i> Bing SUN
14:15 - 14:40 pm	Lecture 22 <i>MINK1 kinase suppresses Th17 differentiation and autoimmune inflammatory disease via inhibition of the TGF-β pathway</i> Linrong LU
14:40 - 15:00 pm	
Session IV	Host defence mechanisms in model organisms (Chairs: Xuetao CAO, Nick GASCOIGNE)
15:00 -15:25 pm	Lecture 23 <i>Regulation of immune homeostasis to commensal microbial and dietary antigens</i> Charles SURH

15:25 -15:50 pm	Lecture 24 <i>TBA</i> Paul MACARY
15:50 -16:15 pm	Lecture 25 <i>A strategic killer partnership (nlgG-ficolin) bridges innate-adaptive immunity</i> Jeak Ling DING
16:15 -16:25 pm	
16:25 -16:35 pm	
16:35 - 16:50 pm	
16:50 - 17:15 pm	Lecture 26 <i>Epigenetic regulation of innate response and inflammation</i> Xuetao CAO
17:15 - 17:40 pm	Lecture 27 <i>Transcriptional Regulation of Tissue-Resident Lymphocytes</i> Laura MACKAY
17:40 - 18:05 pm	Lecture 28 <i>Gut inflammation and immune response to bacteria</i> Kaichun WU
18:05 – 18:15 pm	
18:15 - 18:45 pm	Remark from R&D Award ceremony (Best poster)
18:45 - 20:30 pm	
Conference Dinner
